

Although the situation in the Middle East has been politically unstable, the development of patents in the region remains relatively optimistic.

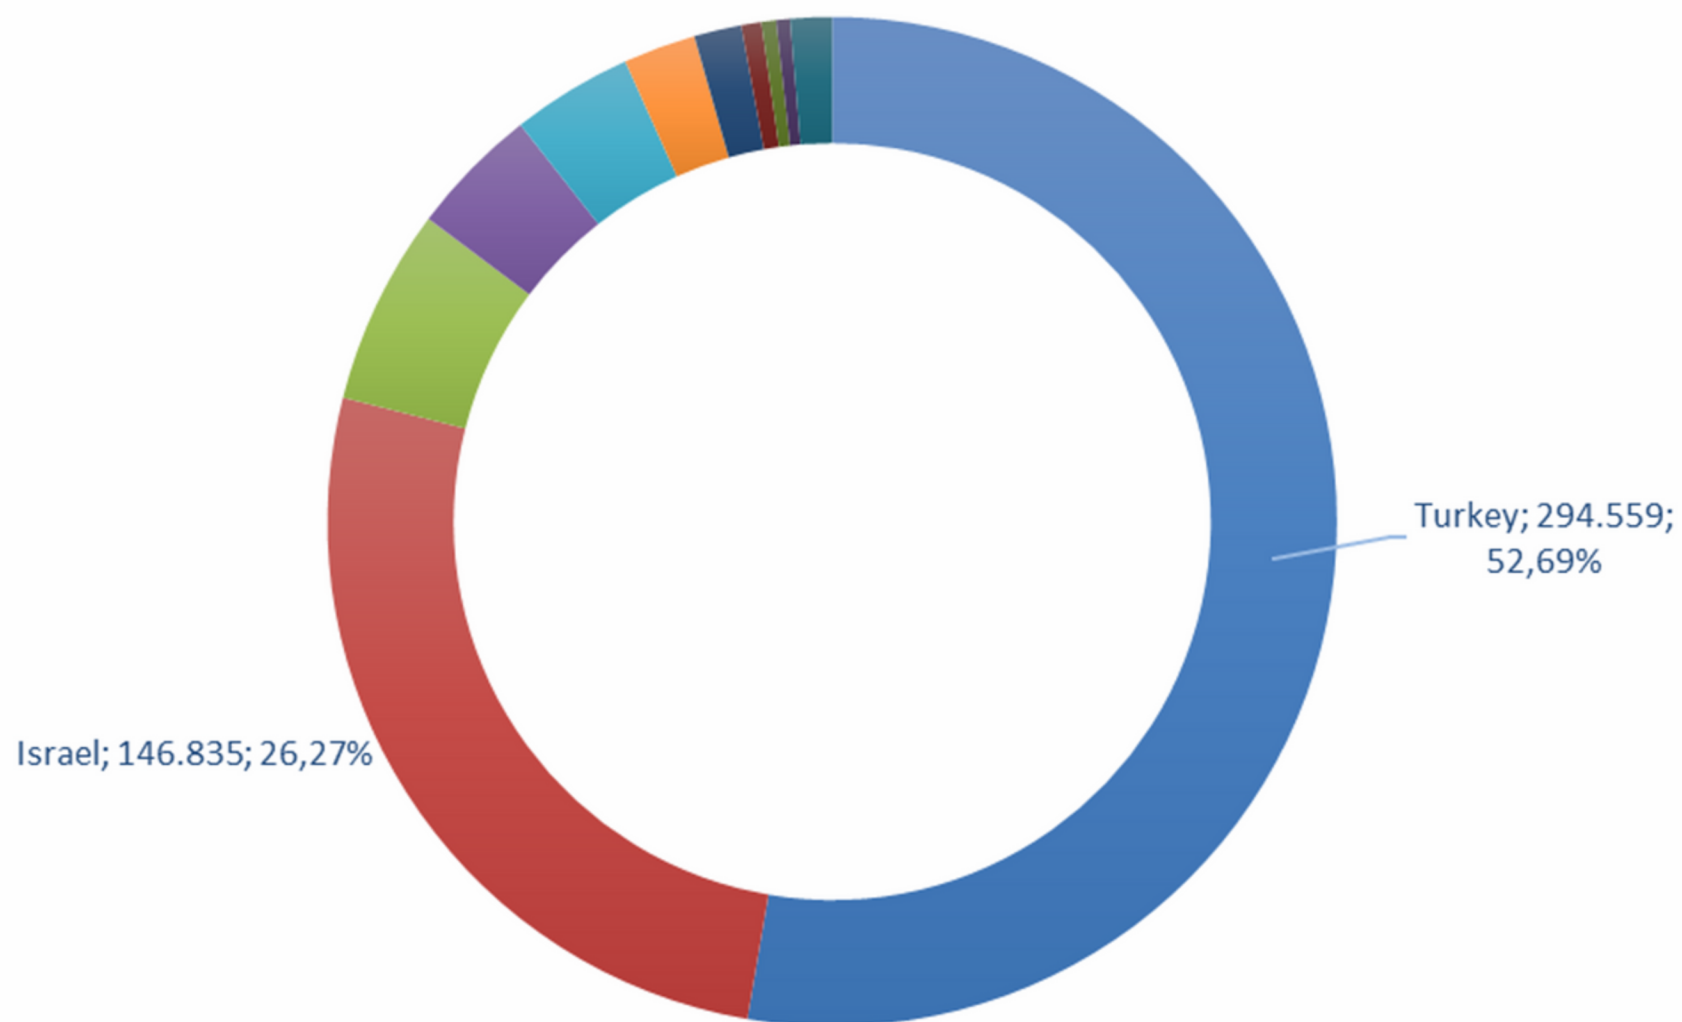

This report analyzes patent trends in the Middle East, including Turkey, Israel, Saudi Arabia, Morocco, Iran, etc. (Data as of July 8, 2024).

*Patent application trend*

Turkey  
Morocco  
Azerbaijan

Israel  
United Arab Emirates  
Armenia

Saudi Arabia  
Egypt  
Others

Iran  
Jordan

*Top Authorities*

The volume of patent  
applications in the Middle East  
mainly depends on  
Turkey and Israel.

Meanwhile, applicants from  
the United States also  
have a large volume of  
patents in the Middle East.
